[Disclaimer: This is not exactly the text that can be heard on the record !!!]

Oh ah
Oh babbadeeda
Oh ah
Oh babbadeeda

Service your engine if you want it to function
Check your oil and clean your radiator
Make sure you clean your carburator
Throw some water in the radiator

Throw some water in
Throw some water in
Throw some water in
Throw some water in your radiator

Service your body if you want it to function
Exercise and build up your structure
Go to sea and learn how to swim
If you can't afford off a gym

Buy a piece of rope
Buy a piece of rope
Buy a piece of rope
Exercise and tune up your system

Oh ah
babbaree
babbadeja
Oh ah
Uh

Throw some water in
Throw some water in
Throw some water in
Do more service (?), water your garden

Water your garden, your seed will grow
Service your engine and it will go

Throw some water in
Throw some water in
Throw some water in
Throw some water in the radiator

Service your body if you want it to function
Exercise and build up your structure
Go to sea and learn how to swim
If you can't afford off a gym

Buy a piece of rope
Buy a piece of rope
Buy a skipping rope
Exercise if you love your system

Water your garden and it will grow
Service your car and it will go

Service your body
Eat the right food
Get some tonic
Drink some whiskey (?)

Oh-ho-ho ya
Oh dabbadeeja
