When, I saw you for the first time
I knew you were the one.
You didn't say a word to me.
But love, was in the air.

Then you held my hand
Pulled me into your world
From then on my life
Has changed for me

Now I'll never feel lonely again
Coz you are in my life...

Love...
How can I explain to you
The way I feel inside when I think of you..
I thank you for everything that you showed me.
Don't you ever forget that I love you.

Love, I know that someday real soon

You'll be right next to me.
Holding me so tight.
So I will always be yours.
Although we can't be together now.
Remember I am here for you.

And I know you're there for me.
Whenever I want to be with you
I just close my eyes and pretend you're near
I see you, I touch you, I feel you, like real

Nothing can ever change what I feel inside.

How long must I be far away from you?
I don't know dear, but I know we are One...
