Ooh, ooh, ooh, ooh, ooh, ooh, ooh

I never had too many expectations
I never thought there was someone out there for me
So baby, thank you for my education
You taught me just what love can be
The world's so different to me 'cuz now I know

I belong and I feel so free, I belong for the first time
I believe in you and me, I believe for the first time
I belong, ooh, ooh yeah, ooh oh

Whatever happens from this moment, baby
My life will never be the way it used to be
You take my teardrops and you leave me smiling
I want to thank you for the gift of self-belief
Your love's forever with me 'cuz now I know

I belong and I feel so free, I belong for the first time
I believe in you and me, I believe, ooh for the first time

I belong, ooh ooh ooh oh

You put a little magic baby in my midst
It's not easy to define, ooh, if you asked me
I couldn't tell you what it is but it's why I, I, I, I, I belong
Ooh, I believe in you and me, I believe for the first time
The world so different to me 'cuz now I know, ooh ooh
ooh ooh

I belong and I feel so free, I belong for the first time
I believe in you and me, I believe, ooh for the first time
I belong, ooh ooh ooh ooh oh

Whatever happens from this moment, baby
I believe in you and me I belong mm
I belong, I belong, I belong, I belong baby
I belong ooh, I belong ooh, I belong, long, long
