I'm in a new place, with the same face,
But nothing is familiar then me,
But theres a storm rush, then the wind starts ,
And its bring down the woman in me,

I know that your out there somewhere,
Waiting on a deeper connection,
So i'm lookin to my left, searching on my right,
Because we could be the greatest adventure, I'm

(Chrous)
Ready, Come and find me, i'm not gonna,
I got the sun on my side it,
Heavy cause i'm finally open for the woman,
I'm ready ready,

I'm moving out there,
So baby beware, because now its just a matter of time
(now it's just a matter of time),
Before my fast cross, and the sky falls,
The very moment that i tell you, your mine,

I know your out there somewhere,
Moving in another direction,
So just hurry up and come, as fast as you can run,
Because we been waiting far too long, now i'm

(chorus)

Oh you, You gotta be close,
Because i'm here to get you out, wherever I go,
Ohh

(chorus 3x)

mmm, I'm ready for love
I'm ready
I'm ready for love
I'm ready
