You want to know why this cold wind blows  
I guess you find the answer on your mind  
To speak no word and to be not heard  
It's maybe the price you pay to modern life

This world reminds me of a land of fairy-tales  
Sinners are kings in a land full of darkness  
Where innocence is just a word away

Where you are trying to hide all your feelings inside  
That's where is shadowland  
Where you are hiding your tears and you're sleeping in  
fear  
That's where is shadowland

You search for an answer in the bunch full of lies  
And sometimes you see a fool in disguise  
What is it good for? What does it mean to life?  
A stupid shareware of dreams, a colorful nightmare till  
your dying day

This world reminds me of a land of fairy-tales  
Sinners are kings in a land full of darkness  
Where innocence is just a word away

Where you are trying to hide all your feelings inside  
That's where is shadowland  
Where you are hiding your tears and you're sleeping in  
fear  
That's where is shadowland

Uh, now they are trying to hide their souls inside  
And they praying heads to their foolish pride

Where you are trying to hide all your feelings inside  
That's where is shadowland  
Where you are hiding your tears and you're sleeping in  
fear  
That's where is shadowland
