Measure for measure
Your love's so much pleasure
Like a haunting melody
You came inside and captured me

And I'm so happy
You're the rhythm of my rhyme
You and I together
We'll stand the test of time

(You know how to love me)
Sure you do
(You know to make it right)
(So nice)
(You know how to love me)
Theres no denyin'
(Sweet as the mornin' light)

Sooner or later
I knew you'd come my way
You're welcome to my love
Just promise that you'll stay

You know how to love me
Tonight in a special way
You know how to love me
Tonight all I wanna say
You know how to love me
You're the real that I feel, never go away

Seeing's believin'
Don't you know you're a dream come true?
Ain't nothin' deceivin'
'Bout the way that I'm lovin' you

(You know how to love me)
Sure you do
(You know to make it right)
(So nice)
(You know how to love me)
There's no denyin'
(Sweet as the mornin' light)

(You know how to love me)
(You know, you know)
You know to make it right
You're so sweet, you're so sweet
(You know how to love me)
And I just can't deny it
(Sweet as the morning light)

You know how to love me
Right in a special way
You know how to love me
Tonight all I wanna say
You know how to love me
You're the real that I feel, never go away

(You know how to love me)
(You know, you know)
Yes you do
(You know how to make it right)
You're so sweet to me

(You know how to love me)
(Sweet as the mornin' light)
You're so sweet, you're so sweet
(You know how to love me)

(You know, you know)
Yes you do
(You know how to make it right)
Yes you do

(You know how to love me)
(Sweet as the mornin' light)
You're such a sweet baby
(You know how to love me)
(You know how to make it right)
You're so good to me
You're so good to me
