First comes salvation, then comes obsession
Fire starts with a flicker, and it consumes me
Suddenly I feel I can follow You blindly
Because You've covered my eyes with love
You've given me more than enough
You've given me more than enough

Hide away in Your arms of grace
Living life the way that You want me to
Don't go away, please be here to stay
Forever and always it's just me and You
Me and You, my Lord

Mighty King, everlasting God
Never-ending flood, The Solid Rock
My love, my life, my all
Your heart becomes my heartbeat and
You've given me more than enough
You've given me more than enough

Hide away in Your arms of grace
Living life the way that You want me to
Don't go away, please be here to stay
Forever and always it's just me and You
Me and You, my Lord

You've given me more than enough
Answer to the questions in the world
You are more than enough
You're the answer, you're the answer
You're the answer

And You've given me more than enough

Hide away in Your arms of grace
Living life the way that You want me to
Don't You go away, please be here to stay
Forever and always it's just me and You
Me and You, my Lord
