On the corner of Fifth Street
The homeless man needs to eat
Down on the edge of town

Lost his family long ago
Nobody even knows
They all just pass him by

But love is on the move
Revealing Heaven's truth
Love is on its way
And it will find you

In a high rise building
The rich man has everything
But the ladder has reached its end

Hasn't talked to his kids in weeks
He and his wife don't even speak
But nobody even knows

But love is on the move
Revealing Heaven's truth
Love is on its way
And it will find you

And anyone can run
Into the arms of God
Love is on its way
And it will find you

And all the world cries for healing
The deepest longing for the love of God
And oh, the greatest destiny
Love has come to set us free

In the little quiet town
The hope of the world was found
Under the night sky

He died and rose again
The sacrifice that conquered sin

Now we are His feet, His hands

And love is on the move
Revealing Heaven's truth
Love is on its way
And it will find you

And anyone can run
Into the arms of God
Love is on its way
And it will find you

Oh, anyone can run
Into the arms of God
Oh, love is on its way
And it will find you

It will find you
It will find you
