Oh, holy God, You are the melody
The cry that's ringing out of my heart
I came to life the day You died
My sin and shame were crucified on the cross
All that was lost I found in You
And I will sing unending songs
I will sing unending songs
I will sing unending songs
Holy are You, Lord
One true God, You met me in my nakedness
And covered me with love
My brokenness I lay before Your righteousness
In glory I am renewed, loved by You, holy Father
And I will sing unending songs
I will sing unending songs
I will sing unending songs
Holy are You, Lord
I will sing unending songs

I will sing unending songs
I will sing unending songs
Holy are You, Lord
We're singing now
Holy, holy, holy, holy are You, Lord
Holy, holy, holy, holy are You, Lord
Holy, holy, holy, holy are You
Holy are You, Lord
Holy, holy, holy, holy are You, Lord
Holy, holy, holy, holy are You, Lord
Holy, holy, holy, holy are You
Holy are You, Lord
Oh, I will sing unending songs
And I will sing unending songs
I will sing unending songs
Holy are You, Lord
Holy are You, Lord
Holy are You, Lord
