We appreciate all the fan art
We all watched your AMV
You look great in your cosplay pictures
It all means so much to me

You wrote down all our lyrics
Took some time, I can tell
I only hope when you see us
You think we're cool IRL

Haruhi
So far away from me
I'd swim across the sea
To be your Final Fantasy
Haruhi
You look so kawaii
Somehow I'm sure we'll
Make it to Japan to see
The springtime flowers bloom

I'm learning to eat with chopsticks
Nihongo benkyou shimasu
I'm taking karate lessons
Just wanna fit in with you

I'm sewing my first kimono
Anything to impress
Will you still be there I donno
This is an SOS

Haruhi
So far away from me
I'd swim across the sea
To be your Final Fantasy
Haruhi
You look so kawaii
Somehow I'm sure we'll
Make it to Japan to see

If I was Orlando Bloom
I'd shoot an arrow at your heart right through

Like Daniel Radcliffe cast a spell on you

We appreciate all the fan art
We only hope when you see us

Haruhi
So far away from me
I'd swim across the sea
To be your Final Fantasy
Haruhi
You look so kawaii
Somehow I'm sure we'll
Make it to Japan to see
The springtime flowers bloom

Haruhi
So far away from me
I'd swim across the sea
To be your Final Fantasy
Haruhi
You look so kawaii
Somehow I'm sure we'll
Make it to Japan
Now I'm back to playing Doom
