Protect the world from devastation
See your face and blast off
At the speed of light

Colored hair gives me a seizure
Nose bleeding I'm a believer
Skirt short like Edward Elric
You're alright

Stitches tearing on my cape
Sweat loosening the tape
My buster sword's about to limit break

I saw you at the Masquerade
In the costume that you made
Girl you look so fine
Perfect Blue my mind
But there's one more day
Saw you at the Masquerade
Here's a rhyme for Play n Trade
Gonna go from zero
To Guitar Hero
This serenade
Tonight I'm gonna get...

We'll play DDR you'll stomp me
I've got Pocky will you glomp me?
I think I'm stalking you like
Solid Snake

Take a look these lyrics I wrote
In a book the front says "Death Note"
Join me on a hentai
Screening date

Stitches tearing on my cape
Sweat loosening the tape
Grow some Poke-balls don't hesitate

I saw you at the Masquerade
In the costume that you made

Girl you look so fine
Perfect Blue my mind
But there's one more day
Saw you at the Masquerade
Here's a rhyme for Play n Trade
Gonna go from zero
To Guitar Hero
This serenade

Oh no
It happened again
She walked away with her furry boyfriend
My Kingdom Heart is breaking
My Kingdom Heart is breaking

Oh no
It happened again
She walked away with her furry boyfriend
My Kingdom Heart is breaking

Masquerade
In the costume that you made
Girl you look so fine
Perfect Blue my mind
But there's one more day
Saw you at the Masquerade
Here's a rhyme for Play n Trade
Gonna go from zero
To Guitar Hero
This serenade
Tonight I'm gonna get

Masquerade (My Kingdom Heart is breaking)
In the costume that you made (My Kingdom Heart is breaking)
Girl you look so fine (My Kingdom Heart is breaking)
Perfect Blue my mind
But there's one more day (My Kingdom Heart is breaking)
Saw you at the Masquerade (My Kingdom Heart is breaking)

Gonna go from zero (My Kingdom Heart is breaking)
To Guitar Hero
