I'm divine  
I'm eternal, I am time  
I'll arise as the king  
of the bloodred skies  
a shapeless demon  
the child of being  
I'm a part of the chaos  
I've come to undo the done  
to wipe out all the living  
redo  
rebuild  
reborn  
you're pain  
gods fear  
you're the sin that's everywhere  
die with me  
be reborn pure and free  
you shall be my new alliance  
in new dimensions  
new horizons

redo  
rebuild  
reborn  
I take possession of your souls  
you shall lead me to my goal  
I'll give you wings and then  
fallen angels fly again  
I'm free to fill the void  
I'm the last in line  
the child of time  
ride the sky  
demonized with blackened eyes  
far away  
I'll rebuild my paradise  
non shall fear us nor deny us  
new religions new messiahs redo...  
I take possession...
