this obscure place with bloodwet walls  
- blood from all my twisted souls  
makes me wonder who I am  
am I dead or am I damned  
a broken mirror on the floor  
reflects my face and thousand more  
demonlike with evil eyes  
staring from the glass of lies  
prisoned here for evermore  
inside this crystal ball  
let me out - set me free  
separate my souls  
god of lies deceived me  
the boon he gave was evil  
this is a false empire  
the boon he gives  
I remember lifes before  
great adventures, love and war  
but I was framed by the king of lies

he took my soul - he took my life  
I saw the light that burned my eyes  
what I belived in made me blind  
and the boon he gave  
god of lies deceived me  
the boon he gave was evil  
this is a false empire  
the boon he gives  
it's burning in heaven  
the trinity lies  
the boon he gives  
here, now and forever  
divinity dies  
prisoned here for evermore  
inside this crystal ball  
let me out - set me free  
separate my souls  
god of lies deceived me  
the boon he gave was evil  
this is a false empire  
the boon he gives
