2,000 nights and your dream's a real one.  
You can be faster than the sun, steal the light, aim for  
the sky.  
Carefully stay by me for now.  
Tonight am I...am I in your way?  
And make it seem like...  
Beauty, the stars are bright for you.  
Beauty, the star are aligned for you all night.

The stars shine for you to make it seem all right.  
A teardrop away, uncover the new sight.  
You can move mountains if you try.  
Timing the fall, slip into motion.  
Gracefully show me how to hide.  
Tonight am I...am I in your way?  
And make it seem like...
