[words: Barthold, music: Barthold, MÅrdstam, Selin, Holmberg]

Innocence in shape of angels - Sanguine
My bloodstained skin veiling the dance of veins

Afresh we bleed
Atrocities of life
No man dies as innocent
As he was born

Where sin is our salvation
We shall feast upon
The fruits of paradise

Afresh we bleed
Atrocities of life
No man dies as innocent
As he was born

The angels with the last plagues
Raped in heaven
