Are you sad sometimes?
Put these paper thoughts away
Please say your not like them
But your plastic sometimes,
And these paper dolls i hate.
Please say your not like them again.
But all the times you said you'd leave me
Just don't say anything at all.
Do you laugh sometimes?
Are these paper cuts the same?
Please say your not like them again.
Am i selfish sometimes?
Do these paper dolls mean anything?
Please say your not like them again
And all the times you say you need me,
Just don't say anything at all.
And all the times you said you'd leave me,
Just don't say anything at all.
You're lost this time...just don't forget me
Say you'll find your way back.
Are you lost this time?...just don't forget me
Say you'll find your way back
Are you sad sometimes?
Put these paper dolls away.
Please say you're not like them.
