It was all Destined to fall Before we gave up But it was given by us A chance To move oooooon AHH We're growing up To find what's really meaningful It's taking away the reason WHY? Why are we here? [Chorus] What does it give you If you're stronger? There's too much To live for to die now Does it give you If you're stronger? Too much to Live for to die now! It was all Destined It was all destined to fall It was all destined Why? Why are we here? [Chorus] What does it give you If you're stronger? Too much to Live for to die now Does it give you If you're stronger? Too much to Live for to die now!

I never asked you To please don't watch For this But i said Will this be the same? I never asked you To please don't watch For this But i said Will this be the same?

[Chorus] What does it give you If you're stronger? Too much to Live for to die now Does it give you If you're stronger? Too much to Live for to die now!
