Chained to the cubicle
Glued to the TV screen
Can't change your plastic self
With your broken hands with listerine

I'll fuck the world today
I'll fuck the world today
I will break everything
And throw it all away

What you have isn't what you want,
And what you want isn't what you have.
Bloody blisters on your tongue, asbestos on your iron
lung.
What you have isn't what you want,
And what you want isn't what you have.
Another life from death, you peel until there's nothing
left.

Inside the eyes of children
I see the human greed
I see the push of hate
I see the poison seed

[Chorus: (Ezra and Stza)]

I'll fuck the world today
I'll fuck the world today
I will break everything
And throw it all away

What you have isn't what you want,
And what you want isn't what you have.
Bloody blisters on your tongue asbestos on your iron
lung.
What you have isn't what you want,
And what you want isn't what you have.
Another life from death, you peel until there's nothing
left.

I'll fuck the world today

I'll fuck the world today
I'll fuck the world today
I'll fuck the world today
I will take everything
And throw it all away
