Unity! HA! yer such a saint today  
you may be anti racist but then you're anti gay  
you may be ignorant from a lack of education  
but if it's sympathy you see you seek  
you better turn to another station

Intolerant society rears it's ugly face  
you're turning your native music into a homophobic  
disgrace  
the gay ones, the straight ones, the white tan yellow  
and black  
gay rude boys and girls, we're gonna take that  
dancehall back  
we'll take it back!  
because without respect there's gonna be nothing left

This double standard just won't sit that well with me  
I come to say this and it's just the way it has to be  
you know i'm not PC i'll shoot your kid at school  
'cuz he's gonna grow up to be a fucking asshole just  
like you  
you can celebrate your unity till every gay is dead  
but why don't you stop your fronting with real unity  
instead  
and on a better dime on this shitty little globe

we would crucify the racists and be bashing all the  
homophobes

Intolerant society rears it's ugly face  
you're turning your hardcore music into a homophobic  
disgrace  
the gay ones, the straight ones, the white tan yellow  
and black  
gay rude boys and girls, we're gonna take that  
dancehall back  
we'll take it back, we'll take it back  
because without respect there's gonna be nothing left

2000 triple zero stand up and take a look around  
this ignorant fucking shit shouldn't happen in any town  
so come on leave the closet and on your way out grab a

bat  
cuz there's a battle to be fought and the prize is  
fucking phat  
autonomy from ignorance there's got to be a better  
way  
but the racist, sexist homophobes and piggies gotta  
pay  
but right now you got to get out of your fucking seat  
and jam down to the faggot rythm's of that crack rock  
steady beat
