why are there so many songs about rainbows
& who gives a fuck anyway
rainbows are stupid, they only remind me
that my life is sick with decay
And so you are stupid, you choose to believe it
I know we're all gonna die
we'll never find it, the Rainbow Connection
the sickly, the worthless & I

who said that "every wish would be heard & answered
when wished on the morning star"
some asshole thought of it

some sucker believed it
& look what it's done so far
and it's so pathetic, that you are pathetic
& it's all you aspire to be
you'll never find it, the rainbow connection
the homeless, the wealthy & me
all of us are gonna die
you could say nature's a facist

have you been half asleep
& have you heard voices
swimming around in your head
some say "i'm lucky!" & some say "I'm Happy!"
but most say "i'd rather be dead"
& I know i'm lazy and apathetic
sometimes that is all that I do
& i'll never find it, the rainbow connection
the leftover crizack & you
