It's too cold to sleep tonight
We could freeze to death I warn
It's so hard to want to fight
When you wish you were never born

This time you're gonna have to choose
You can stick with me, but you're gonna lose
But it's the same thing that I hear
Ya can't go home and ya can't stay here [x2]

And I'd do anything it takes
I wish that I could change it all
But I'll drown in the pain of my mistakes

Cause when I'm done searching, you know I'm gonna
fall

We'll get a bottle to keep us warm
A little fuckin' shelter from the wicked storm
But it's the same thing that I hear
Ya can't go home and ya can't stay here [x2]
