This isn't a time for giving up  
This is the time to be strong  
I know life is never easy  
When you're holding out so long

I know that we can make it  
With a little bit of faith to get us by  
This isn't the time or faking  
This is the time for us to fly  
This isn't the time for faking  
This is the time for us to fly

This isn't the time for fighting  
This is the time for peace  
Whether you're on the left  
Or on the right wing  
This is the time for release

We don't have time to count our mistakes  
We can leave them in the past  
This isn't the time for keeping score  
It's time to make the moment last  
This isn't the time for keeping score  
It's time to make the moment last

This isn't the time for losing hope  
This is the time to learn  
Well, I know we can find our way  
If you're ready to receive

There's always so much to learn  
As you wander through this life  
And timing is everything  
This is the time, the night  
Timing is everything  
This is the time, the night

This is the time, the night  
This is the time, the night  
This is the time, the night  
This is the time, the night

Oh, oh, oh, oh, oh, oh  
This is the time, the night  
This is the time, night  
Ooh, ooh, ooh  
This is the time, night
