"If You Can Spare The Time"

Visit "[If You Can Spare The Time](#)" on MotoLyrics.com

Well if you've got the time honey I've got lot of gold
and money
And I'll lay the cash right on the line
We'll go honky tonkin' baby and have a lotta fun and I
don't mean maybe
I've got the money if you can spare the time
[piano]
Well we'll ride down to the border and not to think what
I have in order
Make every night club down the line
Just as long as we've got gasoline my Cadillac and lots
of green
I've got the money if you can spare the time
[steel - guitar]
We'd made right down to Nebraska and maybe wind up
in Alaska
I'm just a money spendin' kind
Cause when it comes to spendin' dough I'm just the
guy you want to know

I've got the money if you can spare the time
[fiddle]
Well if you've got the time honey I've got lot of gold
and money
I'm making dough and doing fine
Just as long as you will have me spend it everything will
be just splended
Well I'll be spendin' money if you'll run out of the time
