(Merle Kilgore - Lefty Frizzell - Abe Mulkey)

You used me then refused me  
You brought this lovesick heart so much pain  
You abused me, confused me  
But still I love you just the same.

I can recall when I came first of all  
And I thought our love will never ever change  
You used me, confused me  
But still I love you just the same.

--- Instrumental ---

I can recall when I came first of all  
And I thought our love will never ever change  
You used me, confused me  
But still I love you just the same...
