(Lefty Frizzell - Sanger D. Shafer)

Last night my best friend drove me home
'Cause he knows I drink too much since you been gone
He knows I'll, mhmm, and die
I can't get over you to save my life.

Suzy and Mary, Lord, how they tried to cheer me
And honey said, honey, please don't you cry
I said, mhmm, let me die
I can't get over you to save my life.

--- Instrumental ---

Tonight if some old buddy don't come by
Ro drive me home and talk to me a while
I might, mhmm, and die
I can't get over you to save my life.

Suzy and Mary, Lord, how they tried to cheer me
And honey said, honey, please don't you cry
I said, mhmm, let me die
I can't get over you to save my life.

I can't get over you to save my life...
