(Eddie Miller - W.S. Stevenson - Robert Yount)

Please release me let me go
I don't love you anymore
To live together is a sin
Release and let me love again.

Oh, I have found a new love dear
And I will always want her near
Her lips are warm while yours are cold
Release me please darling let me go.

--- Instrumental ---

I once loved your lovely face
But now someone will take your place
Can't you see that you can't win
Release me and let me love again.

Please release me let me go
I don't love you anymore
To live together is a sin
Release and let me love again...
