Featuring Meja

Hap hap hap hap  
(Found me a new day)  
(Repeat twice)

(Chorus)  
Happy is  
Happy is  
Hap hap happy  
Is what we are  
Happy  
Is what we are when we're together

You know we have a friendship going on that will last  
A long long time  
The love we share will always be a memory  
'Cuz good times always conquer the bad ones

It's true people get happy when they see us together  
Yes they do

The joy we bring  
Together we can show the world what happiness can be  
All together

Chorus

I feel free, yeah

It all that we have that brings us closer together  
That we can be enjoying life

That all that matters to me

Believe in all that we have  
Is something special to offer  
The time we had

Surrounded by the good days  
And the feeling of a good good vibration

Chorus

Oh what we are

Chorus

Hap hap hap hap  
(Found me a new day)  
(Repeat three times)

Believe in what we had

I said believe  
I said believe, yeah

Believe in what we are

Believe, yeah

Believe in what we had

Believe in what we are

Believe in what we are

So do it baby

Chorus

When we're together  
We are

Chorus

Yeah yeah

Chorus

Happy is what we are
