You serve it up like I want some  
But I don't want your opinion  
You load it up like a shotgun  
Pull the trigger, don't you love it  
When you take one out  
Take one out

I won't do what I'm told  
I will break you down, take you down  
Shake the ground  
Your dark sun leaves me cold  
I will burn it out, wear you down  
Shake the ground

You got the whole world choking  
From all the bridges that you're burnin'  
You're not the leader of an army  
I'm not the enemy, step back down  
Step back down

I won't do what I'm told  
I will break you down, take you down  
Shake the ground  
Your dark sun leaves me cold  
I will burn it out, wear you down  
Shake the ground

So tie your rope  
Your karma's killing me  
I hope you know  
You'll never get to me  
Your cover's blown  
There's no more breaking me  
This is the end of control

I won't do what I'm told  
I will break you down, take you down  
Shake the ground  
Your dark sun leaves me cold  
I will burn it out, wear you down  
Shake the ground
