Approach the light, allow yourself  
To reflect upon is thruth.  
In the crossroads you will find  
And adventure comes with time.

You will see that when you live in this world,  
You'll find the legend of the loneliness.  
But no matter who or where you are,  
The future ..... is now!

Always waiting in the village,  
You always hope to do the right thing today.  
All the guardians of humanity  
Will fight until the end.

Follow me and we will find the peace.  
In our lives we have all been long searching.  
I will wait to see the dragons fight ,  
To fly and rule the world.

[Chorus]  
And endles heart tells me,  
gives me eternity.  
Teach me how to live,  
How to pray I will stay.

I can barely just remenber now  
All the freedom that we once had.  
And my memories will never drown, my burning ,  
Eternal desire!

I'll find my way to Leonelda!  
And every choice I'll make will have fair outcome.  
I feel my life is spiraling further down,  
I want to wash away the pain.

Hold on, the path and don't let go.  
You will know when you have found your goal .  
Close your eyes and look inside,  
In truth you will find youself

[Repeat Chorus]

In history you'll find the minstrels legend of the  
ancients.  
In the future you will find eternal kingdom Leonelda!

Follow me and we will find the peace.  
In our lives we have all been long searching.  
I will wait to see the dragons fight ,  
To fly and rule the world.

[Repeat Chorus]

Forevermore!
