"Jewel In The Crown"

Give the boy a uniform, a unicorn, a horn, a sawn off
shotgun and a
Cause... an ORDER. Cross a border. Tell him "Heads
must roll!" Can fetch
Them back on poles. No rules except "Amuse yourself,
abuse at leisure.
Steal the treasure. Screw and sweat. She'll swear in
another alphabet. It's
Meaningless... no soul."
You'll reap and you shall sow. You'll rape, you'll know
that God's will is
Mysterious. Delerious. The fire burns inside. Outside
the napalm forms a
Molten tower. Fit for Kings! FOR YOU! You're everything.
You're golden.
Take your role in history. Maybe you're just a number
but WE know your
Name and we'll remember. Yes, we'll remember 'til the
end of time (so back
In line you asshole!)
