Today, today have passed by
Away, you left my life
Every night, the pain, it hurts
Now you re gone, you re far away
You left me alone
I feel like a fool
I cry through the night
I must leave my life behind

Now it's over, over
You left my life
A lonely road
I'm far away from home
Now I know it's over
It's all gone

My heart is empty
I'm afraid
My mind is restless
That never ends
There's so much pressure
I feel inside
You are gone
I don't know why
The whole day long
Could I cry

My diary's pages are full with pictures of you
And your beautiful smile
I think it was the best time I've ever had

Now it's over, over
You left my life
A lonely road
I'm far away from home
Now I know it's over
It's all gone

Teardrops stream down on your face
But now we are apart
And all this lies are killing you
It' so hard...

I'm sorry... I'm sorry
