It's so hard to see when your eyes are rolling in the  
back of your head  
It's even harder to speak when everything you say just  
comes out wrong

All you want is the world to bleed,  
Someone somewhere stole your desire  
The pain akin to, being punched in the throat, and  
stabbed in the chest

It's so hard to see when your eyes are rolling in the  
back of your head  
It's even harder to speak when everything you say just  
comes out wrong

Your bed swallows you whole as the days bleed  
together, torment on the lips  
Of a loved one, and if you try hard enough,  
You can almost taste her, feel her pass and scream,  
"Oh god why me?"

This is a call to arms  
For all those who recognize romance as,

As a dying scene, who'll take it to their graves;  
This is a call to arms  
For all who hold this sacrament close,  
May our hearts burn on

This is a call to arms  
For all those who recognize romance as,  
As a dying scene, who'll take it to their graves;  
This is a call to arms  
For all who hold this sacrament close,  
May our hearts burn on

(It's so hard to see when your eyes are rolling in the  
back of your head)  
This is a call to arms  
(It's even harder to speak when everything you say just  
comes out wrong)  
This is a call to arms

For all who hold this sacrament close,  
May our hearts burn on
