Believe the news, I'm gone for good  
Call off the search, no one will know that I'm down here  
Believe the note I left for you  
You can't turn back the clocks, in a car underwater with  
time to kill

Make time slower, give me longer  
It's too late for me, no one will know that I'm down here  
And believe your dreams of me sinking  
So far, below, you can't pull me up from here so don't  
try

Standing at attention  
Dreams cascading around you like rushing water  
Every pore is filled with hope

In a car underwater with time to kill

(Let me go)

Oh, Icarus tempting fate again  
Altitude sickness setting in  
Tradewinds bury fire from broken wings into arms  
below the ocean

(Leave it up to me)  
(To burden you again)  
(This ones not yourÂ...)

Leave it up to me  
To burden you again  
This ones not your fault  
So forget  
So forget  
So forget  
So forget

[Planet Asia Rap]  
(Leave it up to me)  
(To burden you again)

Leave it up to me

To burden you again  
This ones not your fault  
So forget  
So forget  
So forget  
So forget

Don't think back, don't think back of me at all  
Just let me go  
Don't think back, don't think back of me at all  
Just let me go  
Don't think back, don't think back of me at all (Let me go)  
Don't think back, don't think back of me at all (Let me go)  
Don't think back, don't think back of me at all (Let me go)

I'm in a car underwater with time to kill,  
Thinking back I forgot to tell you this  
I didn't care that you left and abandoned me,  
What hurts more is I would still die for you

I'm in a car underwater with time to kill,  
Thinking back I forgot to tell you this  
I didn't care that you left and abandoned me,  
What hurts more is I would still die for you  
And I would still die for you
