Nocturnal mass, irreverent  
Celebrate, rites of hell  
Templar court, will condemn  
Those shackled to the cross  
Lay down in the coffin  
Let the lid be closed  
Face your fear of death  
And go beyond the devil's pass

Black templar, fall from grace  
Black templar, kiss of shame  
Black templar, sacrilege  
Black templar

Burial, stifling air  
Succubine, manifests  
Temptation, born from hell  
Liberating, indulgence  
Self denial gone  
Death to the great abstinence  
Passing the ordeal and drink the wine  
Of bitterness

Black templar, fall from grace  
Black templar, kiss of shame  
Black templar, sacrilege  
Black templar

Seven sins, seven deaths  
Seven slaves, seven hells  
Seven sins, seven deaths  
Seven hells and rise again

Nocturnal mass, irreverent  
Celebrate, rites of hell  
Templar court, will condemn  
Those shackled to the cross  
Lay down in the coffin  
Let the lid be closed  
Face your fear of death  
And go beyond the devil's pass

Black templar, fall from grace  
Black templar, kiss of shame  
Black templar, sacrilege  
Black templar

Mock the prayers, break the cross  
Renounce the lord, and his son  
Beyond the pass, Christ undone  
Serpent crown, kingdom gone  
From levantine prophecies  
To heresies from the east  
Our priesthood reclaims  
The devil's throne

Black templar, fall from grace  
Black templar, kiss of shame  
Black templar, sacrilege  
Black templar

Black templar rising from the cryptic tomb  
Black templar rising, Satan's brotherhood
