Fury pulsates deep inside
Demon pack gearing up for a fight
Knuckles start to itch
Eager to smash any asshole in sight

Demon fist - crushing skulls - breaking bones
Demon fist - coming down - spilling blood
Demon fist - crushing skulls - breaking bones
Demon fist - coming down - spilling blood

Sons of hate on the edge of life
Hellhounds enter a violent night
Defiant and intoxicated
Spilling the blood with vicious delight

Demon fist - crushing skulls - breaking bones
Demon fist - coming down - spilling blood
Demon fist - crushing skulls - breaking bones
Demon fist - coming down - spilling blood

Destructive impulse bursting out ready to attack
Knuckles bleeding furious hatred, kick him in the teeth

Coming - to destroy - hatred churning
Feel those bones shift - anger burning

Bloodstained boots landing in the ribs, see the bastard
fall
Bruised knuckles they want some more and bash his
fucking face

Coming - to destroy - hatred churning
Feel those bones shift - anger burning

Andreline rish high on speed violent craze
Victim's near confrontation tension builds
Sudden last hammering fist on the fucking face
Gushing blood elbow strike hits the jaw

Demon fist - crushing skulls - breaking bones
Demon fist - coming down - spilling blood
Demon fist - crushing skulls - breaking bones

Demon fist - coming down - spilling blood
