Behind the walls of stone
Where the falling kingdom lies
The pillars of the throne
The signs of gradual decline
Through the cracks in the walls
Decay slowly seeps inside
Horrorifying phantasm
In the dead city of night

Desolation empire desolation
Desolation empire desolation

Behold leviathan's crown
Though the jewels no longer gleam
As powers of the katechon work
Against the course of time
Black smoke inhaled
From the pit poisons the mind
The flames of darkness burn
Visions of an apocalyptic kind

Desolation empire desolation
Desolation empire desolation

Black apostasy rise
Sin will wash away the stains
On the horns of carnality
The endlessly impales
Shattered dreams and twisted truths
The antichrist breaks their chains
Burn the remains away
Of a dying age

Leviathan's crown reign
Abominations desolate

Tumbling pillars of strength
Slaughter at the altar of will
Restoration of dormant power
Apostatic resurrection in sin

Leviathan's crown reign
Abominations desolate

Black apostasy rise
Sin will wash away the stains
On the horns of carnality
The endlessly impales
Shattered dreams and twisted truths
The antichrist breaks their chains
Burn the remains away
Of a dying age

Leviathan's crown reign
Abominations desolate
