Master, Satan, Lord of Hell
Bless me with darkness, I am under your spell
Evil, eminent, lord of death
Chthonian current, volcanic insane

Son of sin
Diabolist
Devil skin
Diabolist
Serpent tongue
Diabolist
Infernal dawn
Diabolist

Lucifer, bringer of force and fire
Body that pumps with the pulse of desire
Darkness internal jetblack sun
When vice becomes virtue the crosses will turn

Son of sin
Diabolist
Devil skin
Diabolist
Serpent tongue
Diabolist
Infernal dawn
Diabolist

Hekate rides the night with hounds at her side
Arrive at the Sabbath, a rapturous night
Wolfhound howls his savage death cry
When you face the lycanthrope
You know you will die

Sinful sainthood ecstatic snake blood

Obscure astarteion most sacred of all shrines
Temple of flesh where snakes lie entwined
Unholy initiation in the current of red blood
Evoking the passion that burns away the word

Sinful sainthood ecstatic snake blood

Son of sin
Diabolist
Devil skin
Diabolist
Serpent tongue
Diabolist
Infernal dawn
Diabolist

"The lord giveth. The lord taketh.
Blessed be the name of the Lord"

Vomit of the Nazarene the waters wash away
As the words of gods burn in the cosmic flame
Lawless godless Antichrist, the black face of sin
Desolator alienates not to deteriorate
