I am the avenger  
The reaper of life  
I balance the scales  
And restore the order

I bleed no blood but poison  
So beware of my touch  
You smell victory  
When you see blood  
So ignorant you are  
Of the fate that awaits  
Strike back with triple strength  
As you will face the undivine

I am the avenger  
The reaper of life  
I am Satan incarnate  
And unholy wrath descends

Infernal avenger, infernal wrath  
I am the poison, (I) bleed the blood of Sammael  
Infernal avenger, infernal wrath  
I am the northwinds and the goats they come with me

South of the heavens I reside  
Where the desert winds reign  
I was born out of all foulness  
And wreak havoc upon man  
With Lilith at my side  
I let sin come to me  
Burn the yoke of the word  
And the Se'irim run with me

Left from the throne  
Comes the hand that seizes  
The throat of the traitor  
Till his face has turned blue

Infernal avenger, infernal wrath  
I am the poison, (I) bleed the blood of Sammael  
Infernal avenger, infernal wrath  
I am the northwinds and the goats they come with me

South of the heavens I reside  
Where the desert winds reign  
I was born out of all foulness  
And wreak havoc upon man  
With Lilith at my side  
I let sin come to me  
Burn the yoke of the word  
And the Se'irim run with me

Bold and without fear  
I walk the path of death  
Adorning my shrine with bones  
(And) memories soaked in blood  
When I look back at my work  
A serene smile appears  
A fate strewn with corpses  
I am the black face of god
