Into the eye of the storm - through whirling winds of
devastation

Into the eye of the storm - blessed with calm
determination

Into the eye of the storm - through whirling winds of
devastation

Into the eye of the storm - blessed with calm
determination

Desolated alienated in a world of decay
Socially deprived marginalized violence is the only way
Filth generating fury, a mind becomes slowly deranged
Killing as the solution, one act to set it all straight

Discipline body and spirit, rise up from subhuman life
Internal disintegration, prepare for a murderous ride
Choose the victims for death, struggle against disgust
and lies

Bloody act of retribution, destruction's mouth open
wide

Into darkness, into damnation - ride on the wings of
desolation

Into darkness, into damnation - ride on the wings of
desolation

Into the storm - from chaos born
To death I'm sworn - To be reborn

Into darkness, into damnation - ride on the wings of
desolation

Into darkness, into damnation - ride on the wings of
desolation

Desolated alienated in a world of decay
Socially deprived marginalized violence is the only way
Filth generating fury, a mind becomes slowly deranged
Killing as the solution, one act to set it all straight

Into the eye of the storm - through whirling winds of
devastation

Into the eye of the storm - blessed with calm
determination

Into the eye of the storm - through whirling winds of
devastation

Into the eye of the storm - blessed with calm
determination
