Surrender to forbidden realms, induced by demon
spice
Where reality and dream entwine, lair of the snake
divine
Desperate need to feel alive, enter a subconscious ride
Lucid yet uncontrolled, invoking the beast inside

Senses are awakened wide, limbs and teeth to claw
and bite
Crawling, snarling and spitting, celebrate the fullmoon
night
Feeling without precedent, yet bound to occur again
Werewolf being called to life, bless my licanthropic
side

Malevolent rapture - Malevolent rapture

Atavism so profound, breaking through the mundane
bounds
Demon now manifests, werewolf wants to get out
Pain burning deep within, seeking for release in skin
Hate of existence, shedding of human skin

Stretching of tensioned limbs, breathe at frenzied pace
Body and mind in animal state, twisted and contorted
face
Bestial destructive urge, lusting for flesh and blood
So stay away from me, or you will meet my claws and
teeth

Malevolent rapture - Malevolent rapture

Blood, boiling in my veins, feeling no restraint, biting in
my skin
Lust, tearing me apart, rapid beating heart, burning
deep within
Beast, bursting from inside, lakes over my mind, I will
not defy,
Death, calling forth the dead, ripping off your head,
leaving you to die

Malevolent rapture - Malevolent rapture

Blood, boiling in my veins, feeling no restraint, biting in
my skin
Lust, tearing me apart, rapid beating heart, burning
deep within
Beast, bursting from inside, takes over my mind, I will
not defy,
Death, calling forth the dead, ripping off your head,
leaving you to die

Malevolent rapture - Malevolent rapture

The wolf will howl again!
