Oh now Yeah Yeah, hey, hey, hey, hey, yeah, yeah I, I, I,
I, I See you lyin' here You're so close You're so near

Causing sensations rollin' through me Comes on
strong, feels just like a spell Sensations rollin', turnin'
from me to you Causing this aura of heat to swirl

Your lips Your undulating hips Squeeze me oh so tight
Fulfill me through the night

Causing sensations rollin' through me Comes on
strong, feels just like a spell Sensations rollin', turnin'
from me to you Causing this aura of heat to swirl

Yeah Comes on strong Yeah baby, baby, baby, baby,
baby Comes on strong Don't you know my blood is
raging Comes on strong Darling, darling, darling,
darling Comes on strong I'm tired of all my failings
Bring me close and burn, burn, burn, ha !

Heat gives way to sweat My body's soaking wet We
slide and slip From hip to lip

Causing sensations rollin' through me Comes on
strong, feels just like a spell Sensations rollin', turnin'
from me to you Causing this aura of heat to swirl

Yeah, yeah, yeah, yeah Oh baby, baby You'll always
make me hot Come on and gimme all you got

Yeah, Yeah, Yeah I, I, I, I, I Yeah, yeah I, I, I, I, I, I, I,
I, I, I, I, I Yeah, yeah, yeah, yeah
