When I think of you
I think of sunny days and dream
Warm nights into the
Sun in your heart

When I think of you
I think of dancing in the street
Feeling every beat
Of a good song far

The summer's ending
Winding back to let you
Now there's nothing' to do
But wait for the summer
Wait for the summer

And you...?

When I think of you
I remember when the kiss
The radio was playing
In a simple tune

When I think of you
I think of running out the beach
Passes in the evernin'
The sand out of fear

When I think of you
I think of sunny days and dream
Warm nights into the
Sun in your heart

When I think of you
I think of dancing in the street
Feeling every beat
Of a good song far

The summer's ending
Winding back to let you
Now there's nothing' to do

But wait for the summer
Wait for the summer
Wait for the summer

And you...?
I've gotta wait for the summer
And you...?
I've gotta wait for the summer
And you...?
I've gotta wait for the summer
Wait for the summer
