Everything is green
Everyone is blue and me too
Be careful for what you dream
'Cause my dream was you and you came true

I tried to know you
But to know you is to be blue
And I'm blue, and I'm blue

Say goodbye to me
I'll say goodbye to you 'cause I can't move
The world won't bend, you know
For you to see the love is worth all the trouble

I tried to know you
But to know you is to be blue
And I'm blue, and I'm blue

(There is a dream that I can't fit in)
There is a dream that I can't fit in
A lead that I can't fill
All of my hopes have been diminished
You're not having it, I'm trying to give, oh

I tried to know you
But to know you is to be blue
I said goodbye
But I'm still in love with you
And I'm blue, and I'm blue
