Blue sky...

A friend is a friend is a friend is a friend  
Feels like I've known you forever  
So many things we experienced  
For the first time together  
Now you're distant  
And you won't say what made you sad  
I can't get through to you and it feels so bad

Blue sky...

Where have you been?  
Grey clouds...  
Crowding you in  
Sunshine...  
Come back again  
I miss your smile and the light in your eye  
Blue sky

A friend is a friend is a friend is a friend  
Someone you can rely on  
You never know what's around the bend  
When you need a shoulder to cry on  
Just know I love you  
Though sometimes I forget to say  
I swear I think of you every day

Blue sky...

Where have you been?  
Grey clouds...  
Crowding you in  
Sunshine...  
Come back again  
Ain't seen you happy since I don't know when  
I miss your smile and the light in your eye  
My blue, blue sky

It's been raining  
I hear pain in your voice  
What can I do?  
Tend to me like I tend to you

Blue sky...  
Where have you been?  
Grey clouds...  
Crowding you in  
Sunshine...  
Come back again  
Ain't seen you happy since I don't know when  
I miss your smile and the light in your eye  
My blue, blue sky
