I never thought I'd get here  
I was so far away  
I didn't believe in love  
Thought it was just a game people played

Everything changed when I met you  
I touched your hand, you took my heart  
And you led me to a better place  
Just the two of us in the dark

This is my idea of Heaven  
Lying here with you  
This is my idea of Heaven  
Nothing else, I'd rather do

I never thought you'd get here  
Why'd you make me wait?  
And when I looked into your eyes  
I recognized your words, my faith

I've been living in a lonely shell  
With no windows to the world  
How in God's name did you find  
A lone star, loneliest girl?

This is my idea of Heaven  
Lying here with you  
This is my idea of Heaven  
Nothing else, I'd rather do

To feel your heart beating  
To feel our limits meeting

This is my idea of Heaven, ooh

In Heaven, love is everywhere  
There is no pain, there are no tears  
In Heaven, love lasts forever  
It doesn't disappear

This is my idea of Heaven  
Lying here with you

This is my idea of Heaven  
Nothing else, I'd rather do

To feel your heart beating  
To feel our limits meeting

This is my idea of Heaven, ooh

This is my idea of Heaven  
Lying here with you
