"Stars in my eyes"

The beauty of the sun shining around me
Lifted my heart
Happiness found me

I still have stars in my eyes
Bright glittered stars in my eyes
I still do
But I wonder about you
Do you still see in my eyes?

The light in your eyes shining around me
Lifting my heart -
Happiness found me

I still have stars in my eyes
Bright glittered stars in my eyes
I still do
But I wonder about you
Can you still see my eyes?

I still have stars in my eyes
Bright glittered stars in my eyes
I still do
But I wonder about you
Can you still see my eyes?
Do you still see in my eyes?
