Paris, France to Michigan
London town and through Berlin
I can't believe this place I'm in
Everywhere and back again

Porcelain and China dolls
Give me one, I seen 'em all
Got my back against the wall
Wonder where I'll be tomorrow?

But wait, now how long could this take?
It's hard to find a mate when you're gone before he
wakes
They say it's hard to achieve
But can't a girl believe?

Is there somebody who still believes in love?
I know you're out there
There's got to be somebody, I search around the world
But I can't seem to find somebody to love

Baby girl, there you at
Looking at me like a putty cat
Wondering where that thing is at
Wondering where your ring is at

Nobody ever did it quite like this
Nobody ever did it quite like you
Do your hair, I bought you shoes
We can hit the town like superstars do

You want love?
Then let me show you love
Give me the key to your heart
I can give you what you want

When you're waiting around
And you're lookin' for someone
I'ma turn you right to the way to a woman
Is there somebody who still believes in love?
I know you're out there
There's got to be somebody, I search around the world

But I can't seem to find somebody to love

Is there somebody who still believes in love?

I know you're out there

There's got to be somebody, I search around the world

But I can't seem to find somebody to love

Je t'adore, je t'adore

Make a move, do the thing

Turn around, strike a pose

Je t'adore, je t'adore

Make a move, do the thing

Turn around, strike a pose

Ooh, I like it

Ooh, I need it

Ooh, I want it

Hey, hey

I know it's hard to achieve

But can't a girl believe?

Is there somebody who still believes in love?

I know you're out there

There's got to be somebody, I search around the world

But I can't seem to find somebody to love

Is there somebody who still believes in love?

I know you're out there

There's got to be somebody, I search around the world

But I can't seem to find somebody to love

You say hello, I say goodbye

Somebody to love

You say hello, I say goodbye

Somebody to love

Alright, somebody to love

Oh babe, somebody to love

Alright, somebody to love
