I ain't no superman
I don't profess to be
Can't play the righteous man
That's way too hard for me
If you keep waiting on perfect
You might miss out on honesty
If you don't really think i'm worth it
Why do you keep coming back to me?

[Chorus]
Love me, or leave me
Choose me, or refuse me
If you can't see, then leave me
But love me

I know i can't give you the world
But i'll give you all of mine
I've got a few bad habits baby
Just like the rest of mankind
I just wanna be loved
Don't wanna fight to keep my pride
You know i'll never leave you baby
Just do what feels right

[Chorus]
Tell me
No lies
I'd rather know so i can sleep at night
I'm a man, i can take it
Whatever you choose, i'll face it
As long as you know that i...
I'm gonnz love you for life

[Chorus x2]
