Me just a stamper like a pyramid arranger
If you think you know that you don't have nothing yet
Me just a stamper like a pyramid arranger
If you think you know that you don't have nothing yet

On and on to the techno song
Through the night, turn me on
Can't do that, gotta keep going
Turn me out, pyramids warning
One more time, bring the beat back
Through the future, on the right track
Come with me only if you dare
See what's going on now there

Pyramids

Me just a stamper like a pyramid arranger
If you think you know that you don't have nothing yet
Me just a stamper like a pyramid arranger
If you think you know that you don't have nothing yet

Hi!
Back with a boom on the same edge
Techno-scene with the K exhausted
Back to jam, hear the gossip
With the dancefloor, I ain't done yet
All you mind, one more time
Pyramids get kids that don't rise
Giving you what you need, so here we go
Bring back that beat

Pyramids on top
Makes you never wanna stop
Pyramids on top
Makes you never wanna stop

Pyramids

Me just a stamper, me just a stamper
Me just a stamper like a pyramid arranger
Me just a stamper, me just a stamper
Me just a stamper like a pyramid arranger
Me just a stamper, me just a stamper
Me just a stamper like a pyramid arranger
Me just a stamper, me just a stamper
Me just a stamper like a pyramid arranger
If you think you know that you don't have nothing yet

Me just a stamper like a pyramid arranger
If you think you know that you don't have nothing yet
Me just a stamper like a pyramid arranger
If you think you know that you don't have nothing yet
