CHORUS:

somewhere over the rainbow

there's a place for us

I'll take you there, (oh)I'll take you there (o-oh)

in the light, out of the shadow

there's a place for us

I'll take you there, oh, I'll take you there yeah o-oh

VERSE1:

got myself a one way ticket

destination unknown

had to make my skin way thicker

when surviving you're on your own

can't sit back and just do nothin'

watch life pass you by

take a stand and just do somethin'

the only thing on my mind

unconditionally

lovin ain't easy

bitter melody

when you're on your own

things get so crazy

before you even know it

I wouldn't change a thing oh no

CHORUS

VERSE2:

got to keep on, keep going

no matter how tough the road

full speed ahead not knowing

how things might unfold

i keep the faith i keep it

i keep it in my heart

I feel that we've got something

felt it from the start

unconditionally

lovin ain't easy

bitter melody

when you're on your own

things get so crazy

before you even know it

I wouldn't change a thing oh no

CHORUS

VERSE3:

there is a place for us

out in the open air

where there's no need to rush

I know that we'll get there

peace and serenity

that's how it's supposed to be

for you and me, you and me (yeah)

CHORUS
